## **Features Key:**

- Improved Player Intelligence – FIFA 22's enhanced player intelligence packages translate the game's real-world player movements into on-field fluidity and strategy.
- New Signature Skills – Putting more focus on player individuality, mechanics, attributes and skills have been enhanced through a major gameplay overhaul.
- New Skill – The new "Rapid Fire" short-burst shooting exploit allows you to easily complete an area finish.
- New Long-Range Pass – Create a sublime through ball into an on-rushing teammate by receiving the ball on your own half and then dummieing towards the centre before passing to an open teammate. You'll find it's particularly effective in low-risk situations.
- New Off-the-Ball Pressure – Your ability to force the opposition into errors can be enhanced by pressing your teammates high up the pitch so you can receive the ball to attack.
- New Aggression System – This reflects the increased levels of aggression you'll face across the pitch, encouraging you to take control of the ball to look for opportunities.
- New Tactics – Team set-ups, including hybrid 5-4-1 systems, have been significantly expanded, allowing you to configure your tactics to fit your team's playing style.

- 
- Iconic New Stadiums – Two new stadiums have been created that combine the high-octane atmosphere of the new Skill animations.
  - Dynamic Player Morphing – Create specialised characters that can play the game through current and new sports equipment.
  - Improved Chemistry Engine – Attributes and Behaviour mechanics have been revised to help you learn your positional responsibilities, and the game’s chemistry engine that guides your teamwork and gives you goal formulae has been reworked to give you greater control and predictability.
  - Ultimate Team – Play up to eight players simultaneously and collect the complete collection of modern-day stars to create the most accurate representations of real-world players. Or draft your own team of the best players from across the globe for complete on-field control.
  - Improved Kick Off and Penalty Shootout – Not only have the accuracy and timing of both moves been improved, the “panic button” functionality has been revamped to add further tactical depth. Three new camera angles allow for

### **What's new:**

- **This year's FIFA Ultimate Team is the biggest and boldest in history. Join one of the biggest Ultimate Teams and create your ideal squad with the Player DNA system; a completely new philosophy that unlocks and focuses player traits and tools for creativity and strategic playing in addition to giving more decision-making power and ownership over in-game tactics.**
- **Defy your limits on any pitch: Blindfolds, tripped-up formations, and extreme conditions made for some of the most unpredictable and exciting matches of all time. See a player through blindfolds, or use a tripped up formation to confuse your opponent. And with exceptional conditions, like sandstorms and tundra environments, you'll have to contend with extreme weather and unpredictable turf conditions. Throw the game's unpredictability factor up to 11. And remember, in FIFA Ultimate Team you can play offline in public lobbies as a custom league leader.**

- 
- **The first season of MLS came to the US with a bang, and we love how the game seamlessly incorporated the new league and its unique player attributes. In addition to the brand-new MLS player pool, we have also introduced the new Academy League, featuring the best female players in the world. The addition of Female Pro leagues and the MLS MyPLAYER feature will allow female players to connect with each other and achieve their dreams, while the Academy League brings the thrill of USL into Madden franchise, continuing to give young players their first real chance to pursue a professional soccer career. The FIFA and Madden teams have teamed up for an incredible collection of licensed jerseys and player courts to give players a unique and immersive football and basketball experience, especially with the new player uniform customization technology.**
  - **The Gallery, features you. See images never before possible, put on your microphone headset and hear the crowd roar, and take part in studio discussion around this year's tournament. FIFA 22 also includes the FIFA World Cup Museum, bringing together the history of the World Cup and showcasing the stories behind the stars of this year's tournament.**
  - **Voice work is alive and well in FIFA 22 with an all-new technology and customization features. For the first time in franchise history, customize the character reactions and player commentary for every national anthem, manage the stadium atmosphere and create your very own stadium, and even re-record and re-compose the cast of announcer voices and introduce sound effects.**

**FIFA is the official video game of football, bringing to life the beautiful game with amazing graphics and gameplay. The FIFA experience also includes management, all-new game modes, online features and more. For more information, please visit [About FIFA 20](#) FIFA 20 brings football to life like never before with technical innovations across every aspect of the game. The introduction of new dribbling controls with Active Touch and player retainers in midfield have seen the game move away from the traditional pass-and-shoot focus and embrace precision passing and quicker decision-making. Experience a new generation of gameplay with advanced tactics, with full team communication fully integrated into the FIFA experience. Players can now negotiate multiple challenges at once, choosing to take the ball, or taking a defender out of play with a clever dummy and feign, before passing the ball off to a team-mate or taking a shot. Dribbling also makes a return, with players using new, reactive run animations and the ability to perform a crossover or stepover. Advanced AI has also been improved with the introduction of new tactical behaviours to players, recognising defensive structure and increasing the unpredictability of the open-field game. Football is returning to its pure form, aiming to achieve the highest of standards in terms of both design and gameplay. FIFA 20 will be available on PC, Xbox One, PlayStation 4, and Nintendo Switch on September 27, 2019.
